Re: Banks v. Nissan North America, Inc. Case# 4:11-cv-2022-PJH

Dear US District Court:

I am writing today to file an objection to the fairness and adequacy of this reimbursement scheme. I am requesting that the Court require the agreement to be amended to reimburse 100% of repair costs regardless of mileage. The DSS is not a wear item. My 2008 Armada lost break power while my wife was driving last year. Luckily no one was in front of her and no one was injured. It has not occurred again but we do worry about it. Since Nissan is aware there is a problem with the DSS, I feel they should issue a recall and fix the problem at the dealership.

Sincerely,
